

**FOR IMMEDIATE RELEASE**

### **Coronavirus Update**

(Milwaukee, WI) March 1, 2020 — Message from Carl Dekker, AMUG President. **At this time, no federal restrictions are in place to prevent meetings and travel in the United States, including in Chicago, Illinois.**

**The Additive Manufacturing Users Group (AMUG) Conference** will take place as scheduled on **March 22-26, 2020 at the Hilton Chicago, 720 South Michigan Avenue, Chicago, Illinois.**

We understand concerns about COVID-19 (Coronavirus) are top of mind. Please note that The Additive Manufacturing Users Group Board is taking appropriate precautions and is consulting the latest guidance from the Centers for Disease Control (CDC) and Prevention and local public health authorities.

With the situation evolving rapidly, we also encourage the Additive Manufacturing Users Group participants, vendors and staff to consult the CDC website ([cdc.gov](http://cdc.gov)) as they prepare for the conference.

AMUG is a global community focused on accelerating the education and advancement of additive manufacturing and 3D Printing.

Please direct any questions to [info@amug.com](mailto:info@amug.com).

#### **ABOUT ADDITIVE MANUFACTURING USERS GROUP (AMUG)**

AMUG is an organization that educates and advances the uses and applications of additive manufacturing technologies. AMUG members include those with industrial additive manufacturing/3D printing technologies and materials used for professional purposes from companies such as 3D Systems, 3YOURMIND, BASF 3D Printing Solutions, Carbon, CATI, DMG MORI, DSM Additive Manufacturing, Dyndrite, EOS, Essentium, ExOne, Formlabs, GE Additive, HP Inc., Renishaw, SLM Solutions, Stratasys, and VELO3D. AMUG meets annually to provide education and training through technical presentations on processes and new technologies. This information addresses the operation of additive manufacturing equipment and the applications that use the parts they make. Online at [www.amug.com](http://www.amug.com).
